Saving lives, saving money. The voice of the people.

All of North Dakota's 53 counties voiced support for making North Dakota 100% smoke free. The smoke-free initiative was supported by two-thirds of the voting public - 66% - to protect North Dakotans from secondhand smoke.

North Dakota's new smoke-free law went into effect December 6, 2012.

Below are the counties and percentages of North Dakotans who voted to support a comprehensive smoke-free law.
