

North Dakota Comprehensive Tobacco-free Schools*

BreatheND
Saving lives, saving money. The voice of the people.

Since North Dakota's comprehensive program was put into place the number of North Dakota schools adopting comprehensive tobacco-free policies has increased from 60 to 170. This impacts 75% of North Dakota students. Tobacco-free school policies prevent all types of tobacco use within schools, on school grounds and at school events, which protects students, faculty, staff and visitors from exposure to all tobacco use.

Research shows the ND Center for Tobacco Prevention and Control Policy's partnered efforts are working. According to the Youth Risk Behavior Survey, high school smoking rates have dropped from 22.4 percent in 2009 to 11.7 percent in 2015.
